TCS HIS

HIS is a corporate policy. As such, the coverage as and when an employee resigns from the organization.

HIS coverage for employee and their enrolled beneficiaries will be valid only till the **last working day in TCS**.

If a separated employee wishes to port out of the Group policy and buy a retail policy, they may download the policy continuation letter from the HIS portal/ TCS alumni portal and connect with the insurer (atul.khedekar@newindia.co.in) to buy a retail policy while maintaining the continuity.

In such a scenario, terms and conditions of the policy and premium needs to be discussed with the insurer separately as this would not be part of the group policy.
